

ETS

fleet services

Elevating Work Platform Specialists

Repairs, Testing & Hire to the Utility, Construction
& Vegetation Management Industries

Who are we

ETS Fleet Services started as the National Vehicle Management, Maintenance & Repair division for the ETS Group of companies. The ETS Group has been servicing the utility industry for over 30 years and now has one of the largest privately owned EWP fleets in Australia.

As such ETS Fleet Services has been maintaining and repairing Elevating Work Platforms (EWPs) to a high standard for over 15 years. **Covering everything from vehicle servicing and minor 3 month inspections, through to major 10 & 5 year inspections. All carried out to Australian Standard 2550.10.**

ETS Fleet Services also provides long and short term hire of EWPs. Our fleet includes 12m to 28m insulated and 24m uninsulated units.

Elevating Work Platform Specialists

Repairs, Testing & Hire to the Utility, Construction & Vegetation Management Industries

What we do

- Inspect, service, repair & test truck mounted insulated & non-insulated EWPs and crane borers
- Carry out servicing and repairs to all major brands including: GMJ, Terex, Nifty Lift, Versalift and Altec.
- Authorised repairers for GMJ, Terex & Nifty Lift
- Carry out major 10 & 5 year major inspections (rebuids) to AS2550.10 and AS2550
- Onsite Inspections & minor repairs to all EWPs
- Heavy vehicle fleet & vegetation management equipment servicing
- All workshop repairs including hydraulic, electrical and mechanical
- Carry out Electrical Acceptance and periodic tests on all EWPs to AS1418.10 either on site or in our workshops
- Electrical testing of all glove & barrier equipment including mats, earths, insulated poles/sticks, gloves and lifting equipment as well as hydraulic pole saws
- Long & short term hire of truck mounted insulated & non-insulated EWPs
